

## **Prodways Technologies partners with Namitech and TOP Metrology to broaden its footprint in Italy, Romania and Bulgaria**

Paris, September 4th 2017

**Prodways Technologies strengthens its European presence with the signing of distribution partnership agreements with Namitech in Italy and TOP Metrology in Romania and Bulgaria.**

These agreements expand the Prodways sales and distribution network to provide customers operating in Italy, Romania, and Bulgaria with a complete range of solutions based on both MOVINGLight® and laser sintering technologies. Prodways offers these partners a firm knowledge of industrial requirements along with sophisticated technical skills and an excellent level of service.

Based in Osio Sotto, Italy, Namitech is a new and innovative company with a deep knowledge in rapid manufacturing, thanks to 10 years of experience in the Italian market. Namitech has ambitions to become the link between prototyping and industrial production, helping customers to understand the value and benefits of additive manufacturing production.

Mr. Matteo Gelpi, CTO of Namitech confirms: *"Namitech strongly believes that additive manufacturing is the present and the future of plastic and metal parts production; with this partnership, thanks to the high quality standards of Prodways equipment and Namitech experience, we can bring together innovation and technologies on the market."*

Established in 2011 by a team of professionals with extensive skills in metrology, TOP Metrology is the exclusive distributor of several high-technology companies across Romania and Bulgaria. TOP Metrology collaborates with more than 500 companies from most branches of industry.

3D PRINTERS & MATERIALS

Mr. Florin Pisica, General Manager of TOP Metrology stated: *“TOP Metrology is delighted to become part of the Prodways family and believes that, together, we can meet the expectations of both sides - and customers as well - in Romania and Bulgaria. The portfolio of premium brands represented by TOP Metrology will be now complete with the innovative technology of Prodways 3D printers.”*

With these two new partnership agreements, Prodways strengthens its distribution network in Europe with two partners owning the industrial experience and expertise in local markets to best position Prodways’ 3D printing solutions.

## About PRODWAYS TECHNOLOGIES

PRODWAYS TECHNOLOGIES is one of Europe’s leading manufacturers of industrial 3D printers, offering a broad spectrum of multi-technology 3D printing systems and related premium materials. The company focuses on developing rapid manufacturing applications as well as supporting innovation with an open material strategy. PRODWAYS TECHNOLOGIES caters to a large number of different industries, including health, aerospace, and automotive, providing innovative companies the means to shift to 3D printing-based production.

PRODWAYS TECHNOLOGIES is a subsidiary of PRODWAYS GROUP. In 2016, the group generated revenue of €25.2 million, including 58% outside of France.
