Prodways expands its sales coverage to Japan

Prodways expand its sales coverage to Japan and will attend the largest Japanese industrial show for Additive Manufacturing and 3D Printing technologies at the end of June.

Prodways and Aspect announced that they have entered a partnership to introduce Prodways MovingLight® Technology in the Japanese market. Aspect, inc. is a well-reputed Japanese Powder Bed Fusion machines and materials supplier established in 1996 and also is one of the leading service bureau in Japan.

To start the collaboration, Aspect will host Prodways on its booth at the DMS Show (Design & Engineering Manufacturing Solutions Expo– June the 24th to 26th – Tokyo), the largest industrial show for Additive Manufacturing and 3D printing vendors in Japan, allowing Prodways to promote its full range of 3D printing solutions.

“We are very pleased to be working with Prodways to introduce Prodways MovingLight® Technology to the Japanese market. We feel that Prodways solutions will complement our established position in Powder Bed Fusion technologies and strengthen our ability to better serve the diverse application needs of the Japanese market. DMS Expo will be a great opportunity to start our joint efforts in Japan.” –Seiji Hayano, President Aspect, Inc.

Prodways will also attend 2 tradeshows in Seoul at Inside 3D Printing from 24th to 26th of June and at ProtoKorea from 1st to 3rd of July with its partners SNC and MSR technologies.

This partnership had been signed following the announcement by Groupe Gorgé of a fundraising transaction of €25 million for Prodways, speeding up the implementation of the strategy to become

About Prodways

Prodways, a subsidiary of Groupe Gorgé, assists major industrial firms with innovations and production processes by providing high-end solutions for additive manufacturing:

- **Prodways Technology:** based on an innovative MOVINGLight® technology, Prodways offers 3D printers capable of producing objects of unsurpassed quality for a wide range of industrial and biomedical applications with significant savings.
- **Prodways Materials:** with the acquisition of DeltaMed, Prodways has particular expertise in the field of development of innovative premium composites, hybrid and bio-compatible materials with outstanding performance.
- **Prodways Customer Support:** relying on a strong network of experts, Prodways provides complete services to optimize the usage of your systems from training to on-site assistance, as well as customer-specific developments.
- **Prodways Entrepreneurs:** providing support and financing solutions for companies working in 3D printing, Prodways seeks to ensure 3D printing emerges as a European industry based in excellence.
